

NEW! They are a fast, accurate and easy way to load your quilts. It eliminates the need for pins, staples, Velcro, zippers or basting. Quilt tops and backs are placed over the rod (inside a casing of the canvas leader) and the clamp is "snapped" down to hold the fabric securely. Red Snappers are sold with a 30 day unconditional guarantee. If you don't like the way they work...return them for your money back. Red Snappers are developed with Clip-n-Seal a patent pending design. To see a video on the use of Renae's Red Snappers http://quiltsonthecorner.com/red_snappers

Make sure to specify your quilting frame length.

- One 10' (114") Cost: \$60.00
- One 12' (132") Cost: \$70.00
- One 14' (144") Cost: \$80.00
- Extra 12" Clamps (4 each) Cost: \$10.00
- Extra: 6" Clamps (6 each) Cost: \$10.00

NEW! This camera shows you a close up and magnified view of your stitching as you are quilting! Now you can see any irregular stitches, loops, tucks or fold on your back, even locate a label or "no quilting" area. Glancing at your Quilter's Eye monitor will give you peace of mind while you are working because right in front of you is a view of the back!

Cost: \$450.00 (Please specify machine model)

Maintenance Kit
