Valid through December 2013

Gammill GQ Talk Forum

If you own a Gammill and you have access to the internet we encourage you to sign up for the official Gammill GQ Forum on the Gammill webpage. Important information about your machine type will be published on this page only. Not on the other forums.

There are three separate forums on the Gammill GQ Talk Forum: Gammill, Statler Stitcher, and Dealer. The dealer forum is limited to Dealers only but the other two are open to owners of a Gammill, Statler Stitcher or a CHARM.

This GQ Talk Forum is also a vehicle for you to ask questions or present issues to the group for discussion and feedback and of course network and make new friends. It is easy to sign up. Just click on the GQ Talk Forum icon at the top of the Gammill Webpage <http://www.gammill.net/> and follow the easy log in instructions. If you have any problems registering for the Gammill GQ Talk Forum please contact betseylangford@gammill.net.

NEW from Gammill For the Statler Stitcher

Please read before ordering:

The following products are only compatible with Microsoft Windows 7.0 operating system.

If you have a Microsoft Widows XP operating system on your computer you cannot upgrade to Creative Studio 5.0 or use the Statler Touch Tools or the ALL-IN-ONE Computer (AIO). Depending on the age of your existing equipment a controller or Dongle upgrade may be also be required.

You do not have to upgrade to Creative Studio 5.0 nor do you have to upgrade your XP computer. If you are running fine with Creative Studio 4.2 or a lower version and are happy then there is no need to upgrade. Your XP computer could work fine for many years to come. Just keep in mind – if your XP computer should fail then you will need to look at upgrading or refurbishing your existing system.

If you are unsure which operating system you have or if you want additional information or if you want to update to Windows 7, please give us a call and we will guide you through the process and help you make the best decisions for you and your budget.

NEW Statler Stitcher Touch Tools

MSRP: \$995 plus shipping

The Statler Touch Tools are used in conjunction with the existing Statler computer system and with the new release of Creative Studio 5.0, allowing the user mobility while working on designs. Several of our sales representatives have purchased them and they find them very useful when doing custom quilting. The Touch Tools also provide them with more flexibility if they need to be in other areas of their house or business away from the machine.

The Statler Touch Tools optional package includes: 1-Samsung Galaxy Note 10.1" Tablet (16 GB, pre-loaded with apps), wireless adapter, wireless keyboard w/mouse, installation guide, and wireless monitor install CD.

NEW All-In-One Computer with Heavy Duty Mount (AIO)

MSRP: \$3895 plus shipping

NEW Heavy Duty Computer Mount with/Keyboard Tray

(for use with the AIO)

If bought separately from the AIO

MSRP: \$595 plus shipping

NEW Windows 7 Computer

Note: for current Statler Stitcher Owners wanting to upgrade)

MSRP: \$995 plus shipping

East Coast Statler Conference

Brought to you by Gammill is February 7-9, 2014 in Richmond, VA at the Hilton Richmond Hotel and Spa.

The teachers included are Janice Bahrt, Karen Farnsworth, Joan Knight, Tammy Oberlin, Anita Shackelford, and Georgia Stull.

Conference registration is \$400 with a \$50 refundable pre-registration fee.

Go to the Gammill webpage to pre-register for this event

2014 Beginner Skill Training and Maintenance Class Schedule

The purchase of a new or used VISION or Statler Stitcher from Pat's Calico Cottage includes onsite training at the time of delivery plus 2 days of skill training in our studio and ½ day of maintenance training.

The schedule for these classes will be posted on our webpage in January 2014. Please check the webpage for the dates and times for the classes(s) that apply to your particular machine.

All CHARM training is done on site at the time of delivery.
